

**IN THE DRAWINGS:**

In the accompanying Request for Approval of Drawing Changes, Figures 1 and 2 have been amended to reflect the examiner's suggestions.

Figure 1 has been amended such that "12a or 12b" is no longer used to designate both a shelf (12a or 12b) and a post (14). Figure 1 has also been amended such that lead lines ending in arrows are used to designate post (14). The reference number "14" located at the center of the front edge of the bottom of the shelving system has also been deleted.

Figure 2 has been amended such that a single lead line ending in an arrow is used to designate support surface 24. The other lead lines for support surface 24 have been deleted.
